

The Picturesque Road To Treeferns Trout Lodge

Easy Directions

From Johannesburg the N12, and Pretoria the N4 will take you via Witbank-Middelburg to Belfast in no more than 2 hours. Two toll plazas, Diamond Hill and Middelburg, on the N4, will leave you short of R22 and R37 respectively.

From Belfast you are only 25 km away from your destination. Belfast connects you with the R540 towards Dullstroom- Lydenburg for 8-9 km to the Elandsfontein turn-off to your right. This is a provincial dirt road in a good condition in dry weather, but slippery when wet.

Also posted here, you cannot miss the Treeferns Trout Lodge sign

From this point you drive straight on through the next crossing, poorly sign posted,

into the Elandsrivierspruit dip and S-turn, to the Dullstroom- Machadodorp intersection, also neglected. Approaching the crossing, the Treeferns Trout Lodge sign and the huge FM tower visible in clear weather, will confirm that you are on track. You will also notice a thatched structure on your left. Take care, the view is poor due to long grass.

Another 3 km will bring you to our attractive Treeferns Trout Lodge entrance on the left, a stone-built cattle-grid. Do not try to resist the temptation to stop for a couple of minutes to admire the view of the distant blue mountains beyond which Lydenburg nestles.

Don't despair, you are almost there.

At a farm gate 500 m further on the farm road, signs will show you exactly where to go. Again don't miss the vista.

A short drive down-hill brings you to a boom-gate beyond which

a sign-post will direct you to Reception, where your keys will be waiting for you.

**You have arrived alive.
Home sweet home, relax and enjoy your stay and fishing.**
